1 PURPOSE

- 1.1 Canadian National Institute of Business ('CNIB') upholds the principle that all applicants seeking to enrol are treated fairly and equitably. To ensure this, CNIB will have open, fair, clear and transparent procedures that are based on clearly defined entry criteria for making decisions about the admission of students. Students will be admitted on merit, based on the published criteria. CNIB will ensure that throughout the process of admission, applicants are treated courteously and expeditiously.

2 SCOPE

- 2.1 This policy and procedure applies to all students at CNIB, and to all staff involved in the admissions process.

3 POLICY STATEMENT

- 3.1 Admission requirements are the skills, knowledge and/or other background a student must have to be admitted to a program and that make it likely the student will successfully complete the program.
- 3.2 Appropriate admission requirements support CNIB student retention and satisfaction.
- 3.3 Admission requirements may not be varied or waived by either CNIB or a student, and they must be applied consistently to all students in the program.
- 3.4 Student records must show that admission requirements have been met by each student, and have been applied consistently to all students.
- 3.5 Should CNIB wish to change the admission requirements listed with PTIB, you must first obtain PTIB's consent.

Approach

- 3.6 As an approved Education Provider, CNIB has open, fair and transparent procedures that are based on merit, for making decisions about the approval of applicants who seek to enrol with the Institute in a unit of study. Applicants seeking to enrol in a course of study with CNIB, regardless of their background, circumstances or eligibility for funding, will be assessed for entry to study through the same published entry requirements and through the same process. Specific consideration will be given to intending students from an Aboriginal background.
- 3.7 In making decisions about the approval of applicants for admission, the above undertakings do not prevent CNIB from taking into account educational disadvantages that a particular applicant has experienced, or the fact that the applicant may be enrolled via a restricted access arrangement.
